

## Enhancement Release

Thank you for using Port TMS! This release brings updates to the Customer Portal, several new filtering options for the Active Load Widget, as well as various new features.

Contact [support@porttms.com](mailto:support@porttms.com) with any questions.

### Customer Portal

- An overall update to the layout of the Shipment Detail page has been deployed
- In addition to LTL loads, Customer Portal users can be granted permission to build FTL spot loads
- The Customer Invoice page provides a link back to the Shipment Detail page for users to easily obtain supporting documentation

### LTL Shipments

- Bills of Ladings for volume shipments display a header with the carrier quote ID to help minimize carrier billing errors
- LTL quotes now provide the density, density-based class and volume for each line item of freight as well as a totals for the entire shipment

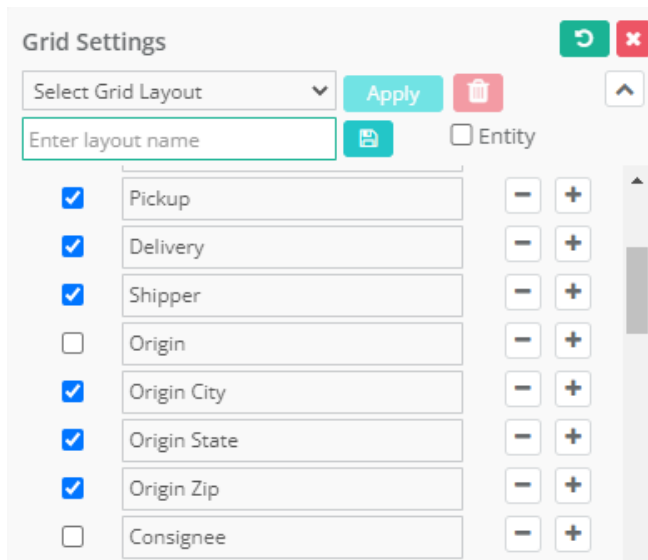

+ Add Freight Item														
ITEM #	DESCRIPTION	WEIGHT	LENGTH	WIDTH	HEIGHT	CLASS	HANDLING UNITS	# UNITS	# PIECES	NMFC	SUB	ACCESSORIALS		
<input checked="" type="checkbox"/>	1	<input type="text" value="Search saved products"/>	<input type="text" value="2,500"/>	<input type="text" value="48"/>	<input type="text" value="48"/>	<input type="text" value="48"/>	<input type="text" value="100"/>	<input type="text" value="Pallet"/>	<input type="text" value="3"/>	<input type="text" value="3"/>	<input type="text"/>	<input type="text"/>	<input type="button" value="+"/>	<input type="button" value="x"/>
		DENSITY: 13.02 (lb/ft <sup>3</sup> )		DENSITY-BASED CLASS: Class 85				VOLUME: 192.00 (ft <sup>3</sup> )						
<input checked="" type="checkbox"/>	2	<input type="text" value="Search saved products"/>	<input type="text" value="1,000"/>	<input type="text" value="52"/>	<input type="text" value="48"/>	<input type="text" value="32"/>	<input type="text" value="100"/>	<input type="text" value="Pallet"/>	<input type="text" value="2"/>	<input type="text" value="2"/>	<input type="text"/>	<input type="text"/>	<input type="button" value="+"/>	<input type="button" value="x"/>
		DENSITY: 10.82 (lb/ft <sup>3</sup> )		DENSITY-BASED CLASS: Class 92.5				VOLUME: 92.44 (ft <sup>3</sup> )						
TOTALS:		DENSITY: 12.30 (lb/ft <sup>3</sup> )		CALCULATED LINEAR FEET: 13 ft			EXPLICIT LINEAR FEET: <input type="text"/>		WEIGHT: 3,500 lbs			VOLUME: 284.44 (ft <sup>3</sup> )		

### Invoice Notes

- Add invoicing verbiage to customer specific or global notes for your customer invoices
  - Customer Specific notes can be found under the **Documents** tab at the customer profile
  - Global notes can be found under **Document Configuration Settings** at the Administration tab

## Active Load Widget

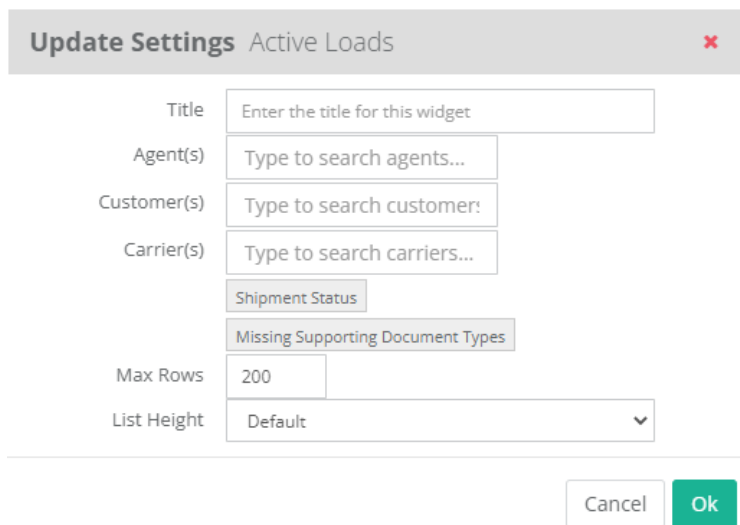

- Create personalized Grid Layouts or an administrator can create Grid Layouts for the entire entity

The 'Grid Settings' dialog box allows users to configure a grid layout. It features a 'Select Grid Layout' dropdown, an 'Apply' button, a trash icon, and an 'Entity' checkbox. Below these is a text input for 'Enter layout name' and a save icon. The main area is a list of fields with checkboxes and expand/collapse buttons. The fields are: Pickup (checked), Delivery (checked), Shipper (checked), Origin (unchecked), Origin City (checked), Origin State (checked), Origin Zip (checked), and Consignee (unchecked).

Field	Selected	Expand	Collapse
Pickup	<input checked="" type="checkbox"/>	+	-
Delivery	<input checked="" type="checkbox"/>	+	-
Shipper	<input checked="" type="checkbox"/>	+	-
Origin	<input type="checkbox"/>	+	-
Origin City	<input checked="" type="checkbox"/>	+	-
Origin State	<input checked="" type="checkbox"/>	+	-
Origin Zip	<input checked="" type="checkbox"/>	+	-
Consignee	<input type="checkbox"/>	+	-

- Install multiple Active Load Widgets using new filters for *Agents, Customers, Carriers, Shipment Statuses and Supporting Documents*

The 'Update Settings Active Loads' dialog box contains several input fields for configuring the widget. It includes fields for Title, Agent(s), Customer(s), Carrier(s), Shipment Status, Missing Supporting Document Types, Max Rows, and List Height. The Max Rows field is set to 200, and the List Height is set to Default. The dialog has 'Cancel' and 'Ok' buttons at the bottom.

Field	Value
Title	Enter the title for this widget
Agent(s)	Type to search agents...
Customer(s)	Type to search customer:
Carrier(s)	Type to search carriers...
Shipment Status	
Missing Supporting Document Types	
Max Rows	200
List Height	Default
